# HELICOPTER TOURS & SCENIC FLIGHTS

\* Weight restrictions apply for all air and Helicopter scenic flights and charters

## HELICOPTER SCENIC FLIGHTS

### Helicopter Scenic Flights

Enjoy views of El Questro denied to the earthbound! Seeing the property from on high is breathtaking – and from an open-door chopper, it's truly exhilarating. It's the only way to view distant waterholes and scenic areas, where travel by land is virtually impossible. Enjoy a scenic journey over some of El Questro's many gorges and waterfalls, views of the majestic Cockburn Ranges and her interior, the Cockburn Maze. You can even suggest your own itinerary!

All helicopter tours can depart from the Station or Emma Gorge. Minimum of 2 passengers on all flights. Helicopter is subject to weight limits. If booking in advance you will be asked for your weights and again on arrival you will need to be weighed on site. Group tours can be arranged by prior enquiry.

### Cockburn Range Sunset Flight

A truly unique sunset experience. A helicopter flight provides the perfect perspective of just how vast this beautiful Kimberley area is as you make your way along the Pentecost River. You will come to land atop a plateaued peak, specifically chosen for its incredible views over El Questro, and the awe inspiring Cockburn Ranges.

From this vantage point you can observe the colours of the Kimberley as the sun begins to set over El Questro and the Cockburn Ranges, all whilst enjoying a glass of your desired beverage and tasting various gourmet cheeses from your platter.

We also have an option to extend this incredible experience even longer by adding an additional 20 minute scenic helicopter flight that will get you up close and personal to the Cockburn Ranges, also exploring the many gorges and waterways we have on our property.

## HELICOPTER SCENIC FLIGHTS

### Champagne Breakfast at Champagne Springs by Helicopter

The perfect way to greet the Kimberley dawn is with a spectacular morning helicopter flight to Champagne Springs. Enjoy a refreshing swim to wake you up as you dive into the cool cascading waters. Marvel at the colours as the sunlight first paints the escarpment walls along the top of the ridge all whilst enjoying a Champagne continental breakfast. If you're feeling energized and ready to take on another adventure, you may opt to do the 2.4 kilometre self-guided walking track back down towards the station. Alternatively, you may wish to add a scenic flight option for the return leg as this really is a fantastic time of day for photography.

## SCENIC FLIGHTS

Experience the Bungle Bungles or The Kimberley Coastline

### Bungle Bungles Scenic Flights

The beehive striped domes of the Bungle Bungle Range have been in existence for over 350 million years, have been part of Aboriginal history for 40,000 years and were only discovered during the "modern age" in the 1980's.

### 2hr Bungle Bungle and Lake Argyle Scenic Flight

A 2 hour airplane flight from El Questro takes you over Lake Argyle and the Carr Boyd Range before passing over Purnululu National Park, home to the Bungle Bungle Range. Listed as one of Australia's natural wonders, the Bungle Bungle sandstone formation dates back 350 million years and is a once-in-a-lifetime experience found only in the Kimberley. Orbit over the park for 20 minutes to view the sandstone formations (as per page 4). On the way back you will fly over the Argyle Diamond Mine.

### Bungle Bungle Scenic Flight and Ground Tour

Departing El Questro in our Cessna 210 you will take in views of the Carr Boyd Range and Lake Argyle before landing at Purnululu National Park, home to the Bungle Bungle Range. Here, you transfer to a comfortable 4WD for a tour of the spectacular beehive domes and a walk into Cathedral Gorge and Piccaninny Creek. Enjoy a picnic lunch in the gorge and afternoon tea at the bush camp before returning to El Questro. On the way back you will fly over the Argyle Diamond Mine, the largest producer of pink and coloured diamonds in the world!

Whilst our Cessna 210 from El Questro has a maximum of only 5 guests on board, the ground tour at The Bungle Bungles is a public tour that may utilise a 4WD bus taking a maximum of 22 guests. Private and small group touring is available as are different walking itineraries and programs. Please check with reception for information and pricing on these options.

### Add another experience – scenic helicopter flight

Scenic Helicopter flights are also available once you land at the Bungle Bungles. This is a simply amazing way to view the sandstone domes and the mouth of Cathedral Gorge from a lower level. Helicopter Flights must be booked in advance, and are subject to availability.

# SELF GUIDED TOURS & ACTIVITIES

## SELF GUIDED ACTIVITIES — EL QUESTRO HIKING

### Emma Gorge Walk

Renowned as one of the most spectacular gorges of The Kimberley, it is characterised by massive scree slopes and cliff face escarpments reaching up to 120m on both sides of the trail. At the end you will be rewarded with a swim in the waterhole at the base of a towering 65 metre chasm graced by a droplet waterfall. Terrain is uneven and rocky with some parts offering little shade.

Combine the walk with lunch at Emma Gorge Resort afterwards.

3.2 kms return

Grade 4

Some bush walking experience recommended

### El Questro Gorge Walk

A hike along a narrow spring fed creek that leads you through palm and fern clad escarpments to a small swimming hole in a lush rain forest setting. The surrounding cliff faces and scree slopes are up to 1800 million years old and known as King Leopold Sandstone. Erosional forces, such as watercourses, have carved out El Questro Gorge by following a geological fault line. Terrain is a rough track with loose rocks and wet crossings offering a lot of shade.

To get to the start of El Questro Gorge you will have to drive through a deep water crossing. Alternatively you can park your vehicle at the deep water crossing, walk through the crossing and then it is approximately 1.2kms to get to the start of El Questro Gorge walk.

2.6 kms return to half way pool  
Grade 4. Some bush walking experience recommended

6.8 kms return to MacMicking Pool

Grade 5 from half way pool

Experienced bush walkers only

### Champagne Springs Walk

This trail is quite different to other El Questro walks. It is longer and the broken terrain makes it more difficult, especially in the second unshaded half. The top rewards you with pools, beautiful scenery and small thermal springs. Terrain is rough track with many obstacles, loose rocks and wet crossings. The second half of the trail and the top pools offer little shade.

10 kms return to top pool

Grade 5

Experienced bush walkers only

### Amalia Gorge Walk

A steep sided valley offering views of an 1800 million year old landscape. This is a challenging walk which requires climbing and clambering over falls and large sandstone slabs. Your trek will take you past numerous natural clear water pools and multi-tiered cascading waterfalls, although during the dry season the water ceases to flow. Terrain is rough track with many obstacles, loose rocks and wet crossings.

3.4 kms return

Grade 4

Bush walking experience recommended

### Moonshine Gorge Walk

This circular trail follows Moonshine Creek. Half of the trail is exposed and leads over a saddle back. The other half provides rewards with a beautiful large swimming hole. Sections of the trail lead along a rocky riverbed with creek crossing and half of the trail offers little shade.

To get to Moonshine Gorge you will have to drive through a deep water crossing. We don't advise that you park your vehicle at the deep water crossing and walk along the road approximately 4kms to get to Moonshine Gorge, as the road offers little shade.

One way circuit walk 5 kms

Grade 4

Bush walking experience recommended

Or from the car park you can walk 500m to the large swimming hole without doing the circular trail walk

### Zebedee Springs Walk

A short walk into a natural oasis through tropical vegetation where rock thermal pools await. At the base of sheer cliff faces and set amongst lush Livistona Palms – it is a magical place to relax and rejuvenate in the warm water.

600m return

Grade 2

The edge of the pools can be slippery

### Station Walks

Take a stroll along the Pentecost River where safe, shallow swimming holes can be found out the front of The Steakhouse Restaurant and The Black Cockatoo campground. For a more vigorous walk with a view at the top, try the track of natural rock steps that leads up to Telecom Hill. This track commences near the stables.

## SELF DRIVE 4WD OR SELF GUIDED WALK

### Saddleback Ridge

Saddleback Ridge is one of the most spectacular lookout points on El Questro with a remarkable 360-degree view from a platform overlooking sandstone escarpments with all of El Questro stretched out in front of you. You can enjoy sunset from this viewpoint but please keep in mind that the sun sets very early in the Kimberley so allow plenty of time. This is approximately a 30 minute drive from The Station Township.

This is a shared walking and 4WD trail.

Guests preferring to walk can do so from The Station and take lots of drinking water.

Guests preferring to drive should be confident and experienced four wheel drivers. The track is steep and has little space for two way traffic.

7km return

Grade 4

The walk has no shade and steep sections.

The drive has some narrow and steep hairpin bends with passing not always possible.

## SELF DRIVE 4WD TRACKS AND LOOKOUTS

### Pigeon Hole 4WD Track and Lookout

The waterhole at the end of this steep track is a good spot for fishing but please take care for Estuarine (Saltwater) Crocodiles.

Pigeon Hole Lookout features an excellent view of the Pentecost River meander and the surrounding ranges. You can enjoy sunset from this viewpoint but please keep in mind that the sun sets very early in the Kimberley so allow plenty of time. This is approximately a 30 minute drive from The Station Township.

Difficulty:

Moderate to the lookout with some steep sections. Difficult from the lookout to the waterhole.

### Explosion Gorge 4WD Track

Explosion Gorge is part of the Chamberlain Gorge system. The track follows the beginning of the Elgee Cliffs escarpment passing along the way several access tracks to waterholes, remote fishing areas and the breathtaking Branko's Lookout. To access this track you will need to cross Branko's river crossing, which is wide and rocky and will take you approximately 6-8 minutes to cross. If you aren't a confident four wheel driver then please consider going on our guided tour with an expert Ranger.

Difficulty:

Moderate. Some steep sections and water crossings.

### Branko's 4wd Lookout

Branko's Lookout is our highest lookout and is stunning at any time of the day. From this viewpoint the sun sets behind you and the colours of the land are stunning as the day ends. Please keep in mind that the sun sets very early in the Kimberley so allow plenty of time. This is approximately a 40 minute drive from The Station Township. To access this lookout you will need to cross Branko's river crossing, which is wide and rocky and will take you approximately 6-8 minutes to cross. If you aren't a confident four wheel driver then please consider going on our guided tour with an expert Ranger.

Difficulty:

Experienced drivers only.

### Cockburn 4wd Circuit

A 133km round trip from the Gibb River Road, the Cockburn Circuit is the most scenic of all El Questro's tracks. The track circumnavigates the Cockburn Range, allowing drivers to see spectacular scenery including tidal rivers, mud-flats and Savannah plains. It's a long trip so make sure you pack provisions and lots of water to have along the way.

Difficulty:

Experienced drivers only.

Most tours listed, unless otherwise stated, start from The Station. Guests staying at Emma Gorge Resort will need to arrange for transportation to The Station at additional expense. All credit card payments incur a transaction fee. Payment can be made by EFTPOS which does not attract a transaction fee. Valid as at 1st April 2020. Pricing and activities are subject to change without notice. We strongly recommend Travel Insurance. For a copy of the comprehensive Travel Insurance Policy and application please do not hesitate to contact us.
