Home to some of the most well-known gorges in the Kimberley, each walk offers a different style of gorge from shady to tropical to more open and valley-like. What they all have in common, however, is the reward at the end – crystal clear water holes where you can have a refreshing swim before the return walk back to the 4^r. Every day a ranger will lead Homestead guests on a different walk, enquire the evening before to discover where you'll be heading.

Discovered in the South East of the property in April 2010, Amaroo Falls is the newest jewel in El Questro's crown. Only accessible by helicopter this extraordinary setting, at the top of one of our tallest waterfalls, offers an incredibly scenic guided walk. Venture through a series of smaller falls and pristine water holes, shaded by the cliff's rugged outcrops you can enjoy swimming and a picnic while basking in the isolated beauty.

2.30pm-5pm: Zebedee Thermal Springs

Homestead guests have exclusive use of Zebedee Springs every afternoon so let an El Questro Range drive you to this most romantic of hideaways. After a short walk through dense vegetation you'll come upon a series of thermal pools and small waterfalls. Zebedee Springs is an oasis in which to relax and rejuvenate after a busy day
